WORK AND SMILE.
Are you up against hard luck?
That's the time to show your pluck
Smile and sing a bit and then
Grab a hold and try again.
Split upon your hands and say:
"One more trial, anyway!"
Work and smile
All the while.
And you'll win the race some day.
Have your friends grown cold and few?
That's when it is up to you.
Smile at fate and take a brace;
Laugh in hard luck's evil face.
Grab a hold and hold on tight;
Keep your nerve and make a fight.
Work and smile
All the while.
And you'll find things coming right.
Is your load of trouble great?
That's the time to laugh at fate.
Snap your finger in her face
And strike up a faster pace.
Get your gait, and keep your stride;
Keep straight on whatever betide.
Work and smile
All the while.
And your woes will turn aside.
Don't give up! Try, try again.
Split on your hands and then
Grab a hold and hold on fast.
And you'll win your way at last.
Keep your nerve and plug along;
With the club of right smite wrong.
Work and smile
All the while.
And you'll land where you belong.
